Sir:

A Notice to comply with requirements for patent applications containing nucleotide sequence and/or amino acid sequence disclosures was issued in the above application on February 6, 2004, because the parent serial number provided in the Statement under 37 C.F.R. § 1.821(e) filed July 3, 2003 does not have a valid CRF.

The Statement under 37 C.F.R. § 1.821(e) filed July 3, 2003 contained a typographical error. In the Statement, the correct serial number 09/503,569 was inadvertently provided as 09/503,559. The correct serial number has been provided in the accompanying Corrected Statement under 37 C.F.R. § 1.821(e).
